

Built for Demanding Applications. Ready for Any Control Room

ProDeck

DENSITRON x intel.

Purpose-Built Hardware for Mission-Critical Workflows, with Touch, Tactile, or Hybrid Options

Take control faster and with more confidence using [ProDeck](#), our professional desktop control surface made for high-pressure, mission-critical control. These solutions combine high-definition displays, tactile controls, and onboard processing—powered by an Intel Atom® processor—with configurable HD buttons and single-cable PoE+ power for a clean, reliable setup. Its software-agnostic platform integrates seamlessly with your preferred applications, including Bitfocus Companion and Q-SYS, and is available in ProDeck 24, ProDeck 40, and ProDeck Touch display options.
