

Powering Immersive Visuals with 4K Quad-Display Output

jwipc x intel.

Deliver Synchronized 4x4K Content for Seamless Video Wall Signage

The [K115D5](#) is engineered to meet the digital signage industry's growing demand for ultra-slim, high-definition media playback. Its sleek, compact design fits seamlessly into modern environments, while supporting four-channel HD display output to power sharper, more engaging video walls and multi-screen layouts. Equipped with Wi-Fi 6 and optional 5G, the K115D5 ensures fast, stable connectivity for real-time content updates across dispersed deployments. When paired with content management software, it enables efficient scheduling, distribution, and monitoring of digital content, helping businesses deliver clearer communication and more dynamic visual experiences. Powered by 12th/13th Gen Intel® Core™ processors, it is ideal for video walls, self-service kiosks, and interactive signage, the K115D5 enhances guest engagement while significantly improving operational efficiency for hospitality, retail, transportation, and other high-traffic venues.

Key Features

Quad Display

Versatile I/O

Fanless Design
