Powering Immersive Collaboration

MAXHUB leverages powerful Intel® technology to deliver the ultimate smart collaboration experience. We are proud to showcase the MAXHUB XBoard, the first Teams-certified interactive display featuring the Trident Lens system and Windows 11 IoT, which delivers an immersive collaborative environment.

Additionally, discover the MAXHUB XBar W70, the industry's first Windows-based Teams Rooms videobar. Equipped with a massive 200MP Quad Sight lens and integrated FlexMount, this all-in-one powerhouse transforms medium-to-large meeting spaces.

Join us to see how MAXHUB and Intel are redefining the future of hybrid work.
