

Best Price and Performance for Entry Range Panel PC

PSA6000

Performant and Cost Effective. Best in Class Visuals to Answer All Your Needs.

[PSA6000](#) solves a critical industry challenge: delivering advanced performance and security at an affordable price. PSA6000 meets this need by combining 13th Gen Intel® Core™ i5 processor with a multi-touch Full HD display, ensuring smooth operation for complex automation tasks. PSA6000 runs on Windows 11 IoT Enterprise LTSC, ensuring long-term stability for industrial applications. It integrates advanced security features such as TPM and BitLocker and complies with IEC62443 standards, providing robust protection against cyber threats. The fanless design and flexible mounting options reduce maintenance and simplify integration. PSA6000 offers a unique mix of performance, durability, and cost-efficiency, enabling manufacturers to boost productivity and future-proof operations without overspending.
