Learn More

An aerial view of a city street scene with various buildings, roads, and green spaces. Overlaid on the image are several colored bounding boxes (yellow, green, orange, blue) that represent AI object detection. A prominent vertical blue bar runs down the right side of the image, and a horizontal blue bar runs across the top. The overall aesthetic is futuristic and technological.

SKIKK × intel ai

The screenshot shows the SKIKK AI Assistant interface. At the top left, it says 'SKIKK.eu' and 'Find your perfect match'. The main heading is 'Find your perfect laptop with the SKIKK AI.' Below this, there are buttons for 'Start AI session' and 'Download & run locally (edge app)'. A progress bar shows steps: 1 Device, 2 Use, 3 Specs, 4 Budget, 5 Advice. The 'Your SKIKK advice' section displays a laptop image and the text 'SKIKK Sindri 14 14" - iGPU - Intel i5 € 999,00'. The 'SKIKK AI Assistant' chat window is open, showing a status 'ready to listen' and a message: 'Done. I'm preparing two balanced configs for field staff and two performance configs for analysts. Show recommended laptops. Before finalizing, a few quick questions: preferred screen size, OS image requirements, and docking setup?'. The chat shows selected options: '14"', '15"', '16"', 'Windows 11 Pro', 'Custom image', 'USB-C Dock', and '14 inch'. There are buttons for 'Use sample prompt' and 'Speak response'. The 'Your choices' section lists: Device, Use, Specs, Budget, and 'Laptop Basic & Office 14", desktop € 1.500,00'. A tip says 'Tip: change your choices to see instant new advice.' The 'What we value' section includes 'Upgradeable', 'Custom cooling', and 'Service & support'.
