

Maximized Display Meets Sleek Functionality

POSIFLEX™ X **intel**

Retail-Ready POS with Intel® Core™ Processor and Vivid Touch Display

The [Posiflex GT Series](#) redefines modern point-of-sale performance with display options in 15" and 15.6" On-Cell Touch, delivering crisp, 400-nit brightness visuals powered by Intel® Iris® Xe graphics. Designed for scalability, the GT Series offers processing options from the 13th Gen Intel® Core™ processor for demanding retail applications to Intel® Processor N150 for efficient, everyday performance. Its slim-bezel design enhances usability and visual appeal, while flexible peripheral integration — including 2D barcode scanners, NFC, RFID modules, and dual cash drawer support — makes it adaptable to any retail or hospitality environment. Combining power, precision, and contemporary design, the GT Series delivers a refined, future-ready POS experience.
