

Seamless Autonomous Store Powered by Vision AI

Brysk Autonomous Checkout

Imagine a retail space where any shopper—student, employee, or guest—can grab a snack or daily essentials, round the clock. No queues. No closed signs. No added staffing load. Just always-on access, exactly where & when it's needed. Brysk Autonomous Checkout is a seamless autonomous store where checkout, inventory and experience is observed by Vision AI.

- **24/7 Availability:** Shop any time, unhindered by traditional store hours
- **Eliminate Long Lines:** Automatic entry and exit—no checkout hassles
- **Minimal Workforce Burden:** Reduce staffing costs without compromising service
- **Real-Time Inventory Insight:** Monitor product movement and restock needs on the fly
- **Enhanced Experience:** Delight customers with frictionless, on-demand retail

It's a seamless, autonomous future—one that's already changing how the world shops.

Key Intel-Enabled Features
