

Ultra-Compact Recording at the Edge

Iron Link SFF-P

Compact Video Surveillance Appliance for SMB & Enterprise

The [Iron Link® SFF Professional](#) (IL-SFFP) is a compact small-form-factor network video recorder engineered for entry-level surveillance recording environments where space efficiency and reliability are critical.

Powered by the latest Intel® Core™ Ultra processors, the system delivers stable performance for modern VMS workloads while supporting up to 128GB of DDR5 memory and 64TB of raw storage. The slim tower design includes internal LFF drive bays and support for a single low-profile or double-wide GPU, enabling flexible configurations for video recording, analytics, or edge security applications.

Purpose-built for surveillance deployments and backed by Velasea's 5-year next-business-day on-site support, the IL-SFFP provides integrators with a dependable, right-sized platform for distributed security infrastructure.
