

AI that moves the world.

That's the power of Intel Inside®.

Discover ZKH's Digital Industrial Power at Embedded World

Visit ZKH Industrial Supply at Embedded World and experience how a world-class digital industrial service platform transforms procurement and supply chain management. ZKH delivers one-stop solutions across Spare Parts, General Consumables, Office Supplies, Manufacturing Assembly, and Chemicals, backed by 32 major product lines and over 21 million SKUs. With a nationwide network of 109 distribution centers, 200+ in-house vehicles, and 6,000 smart industrial vending machines, ZKH ensures efficient, transparent, last-mile delivery for 100,000+ customers.

At our booth, explore advanced Intel-powered solutions co-presented with partners including CVTE, Decenta, FutureRobot, GIFA, and Nodka for the latest Intel technologies including the platform of Intel® Core™ Ultra Processors, Intel® Arc™ Graphics, OpenVINO™ Toolkit, and Intel® Ethernet.

Join us onsite to see how ZKH drives digitalization and redefines industrial supply excellence.
